EXPERIENCE

Freelance Designer

Jack Gannon LLC - Remote

Aug 2018 – Current

As a Freelance Designer, I:

- Work with organizations to help develop new digital products or enhance existing digital products.
- Utilize design software such as Sketch and Figma to develop user interfaces and prototypes.
- Provide user experience design deliverables, such as wireframes, user journeys, and sitemaps.
- Create and maintain design systems to ensure a cohesive design ecosystem for designers and developers.

Creative Manager

On Q Financial - Scottsdale AZ

Mar 2018 – Aug 2018

As a Creative Manager I:

- Provided leadership and technical guidance for in-house creative team.
- Worked with third-party developers and design professionals to launch our company's new website.
- Was Product Manager and UX lead for an internal marketing software project.
- Created wireframes, documentation, prototypes, and other design deliverables for digital production.
